2016/2017

Subject: Compliance with European Union Directive 2011/65/EU RoHS2

To whom it may concern:

Senasys (not including its Iso-Tip division but all of its other divisions and subsidiaries) is committed to its compliance with European Union Directive 2011/65/EU Restriction of Hazardous Substances (RoHS2). Our compliance includes the following amendment: Directive (EU) 2015/863 amending ANNEX II on 31 March 2015 for additions to the restricted substance list. As part of our ongoing compliance commitment, we have completed a process to identify which, if any, substances are contained within the product we supply to you.

As part of this RoHS2 identification process, we have:

- reviewed our internally and publicly available engineering data in relation to the presence of RoHS2 in our products or any of their component parts;
- reviewed available safety datasheets for our input materials;
- communicated with our suppliers to exclude/confirm the presence of listed RoHS2 in any component parts of our products.

As a result of this process, we confirm that to the best of our knowledge the product we currently supply to you meets the RoHS2 directive.

Thank You

The Staff at Senasys
